CGRMC Named to Becker's 150 Great Places to Work in Healthcare

Casa Grande, Arizona –Casa Grande Regional Medical Center (CGRMC) was recently named one of the "150 Great Places to Work in Healthcare" by Becker's Healthcare for 2014. The list of winners includes hospitals, health systems, ambulatory surgery centers, physician groups, vendors and other healthcare organizations that provide excellent work environments and outstanding benefits to their employees.

Rona Curphy, CGRMC President and CEO, commented, "I am extremely proud that Casa Grande Regional made Becker's national 150 list, as this is the second year we have received this recognition. This award demonstrates our ongoing commitment to make CGRMC both a great place to work for our employees and a health care facility of excellence for our community. As we become a Banner Health facility on June 9, I am excited that awards like this one demonstrate that our new system is acquiring a facility with a strong history of employee engagement from which Banner will benefit. This is a testament to the hard work we have invested to create an outstanding and responsive culture that helps our employees enjoy their jobs. We have an amazing staff that helps us to serve our community and I am honored to work alongside them. "

Becker's Healthcare has been compiling a list of Great Places to Work in Healthcare annually since 2011, but this is the first year nonprovider organizations were included on the list.

To develop the list, the Becker's Healthcare editorial team conducted research, considered nominations and evaluated organizations based on their benefits, workplace culture, professional development opportunities and previous recognition for workplace excellence. The resulting list is a compilation of 150 healthcare organizations that go above and beyond for their employees and are great places to work.

The complete list can be read at: <http://www.beckershospitalreview.com/150-great-places-to-work-2014/full-list.html>

Note: This list is not an endorsement of included hospitals, health systems or

associated healthcare providers, and organizations do not and cannot pay for inclusion on this list.
